Physiotherapy at the University of Plymouth

The University of Plymouth is delighted to offer this post to join the physiotherapy team in the School of Health Professions.

- Our philosophy is focused on developing autonomous practitioners who have high quality professional and life-long learning skills. The approach to learning is based on Problem based learning principles and values the integration of topics to achieve a depth and breadth of understanding.
- We enjoy a strong partnership approach to inter-professional learning. Thus a number of modules throughout the undergraduate programme are shared with a range of professional groups.
- We strongly believe that the delivery of the curriculum should be as flexible as possible and to this end we use an interactive learning platform Moodle.

The research potential within the School is huge as we have collaboration possibilities within the Faculty of Health and Human Sciences as well as other faculties in the university. We also have established links with colleagues in the health and social care sector, the independent sector and private sector. The School has a growing number of registered PhD students and a growing research and enterprise portfolio.

The taught programmes in the School are:

- BSc (Hons) Dietetics
- BSc (Hons) Occupational Therapy
- BSc (Hons) Optometry
- BSc (Hons) Paramedic Practice
- BSc (Hons) Physiotherapy
- BSc (Hons) Podiatry
- MSc (Pre-Registration) in Occupational Therapy
- MSc Advanced Professional Practice
- MSc Advanced Professional Practice in Health and Wellbeing
- MSc Advanced Professional Practice in Neurological Rehabilitation
- MSc Advanced Professional Practice in Dietetics
- MSc Advanced Professional Practice in Physiotherapy
- MSc Advanced Professional Practice in Occupational Therapy
- MSc Advanced Professional Practice in Paediatric Dietetics

The School of Health Professions is primarily situated in purpose built high quality accommodation in the Peninsula Allied Health Centre, which is based within the campus of the University College Plymouth St Mark & St John (Marjon). We also use a range of facilities in the main campus on the Drake Circus site.

The physiotherapy programme at Plymouth is thriving with a growing reputation for excellence. Student satisfaction scores of physiotherapy are consistently excellent.
